Attached are COMIREX staff comments for your consideration in preparation of the DCI Directive on NPIC. Our proposed changes are designed to make the NPIC DCID consistent with policy as reflected in the COMIREX DCID, the National Tasking Plan (NTP), and the Imagery Policy Manual (IPM). I have independently provided a copy of these staff comments to the NPIC COMIREX Consultant. Subsequent to his review, we may wish to further refine our proposed changes. ☐
